25X1 1. Attached are the documents requested by Mr. Taylor, to wit two copies of the English version of [redacted] and one burn of the Vietnamese original (which, regrettably, is very hard to read). These are the documents that Mr. Shackley passed Mr. Taylor's colleague in Saigon.

2. I caution that the attached documents appear to be identical to a set of Party Regulations dated 1965 and picked up in late 1967 or early 1968. The English version of the '65 document varies slightly from the 1970 document, but the Vietnamese originals are identical and the variations in the English texts are almost certainly the simple result of two different people making two different translations at two different times.
